X-6000 Illuminated Pushbutton

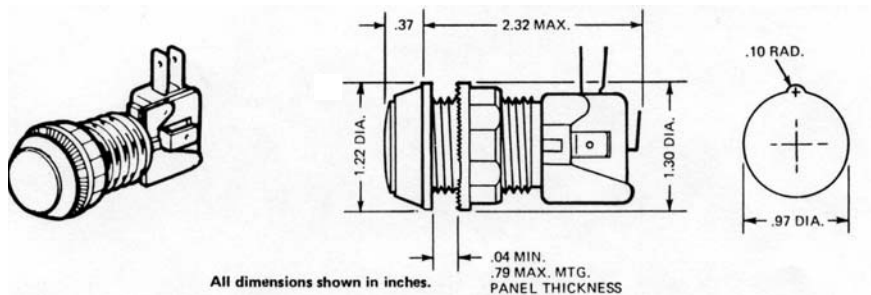

High Quality

Easily Installed

Pre-wired

Rugged, Reliable

The X-6000 Illuminated Pushbutton is rugged, dependable and easy to install. Its durability has been proven in thousands of installations. The built in lamp serves to indicate which selection is playing in multiple button installations, as well as to indicate [in use] in single selection exhibits.

The X-6000 is supplied with a seven foot cord terminated in a RJ-11 plug, allowing direct connection to Museum Technology products that required external pushbuttons.

Mounting is in a single 15/16 inch hole in material up to 1/8 inch thick.

Please specify color: Red (X-6000-R); Green (X-6000-G) Yellow (X-6000-Y); Blue (X-6000-B) or White (X-6000-W).

Custom engraving is available on special order.
